Foreword

We, the staff, hope that you will find "A Year at S. H. S." a laughable comedy. It is your play, you are the actor, and S. H. S. is the stage. This play, with the help of the 1950 "Steer", should run the longest in your memories.

DEDICATION

An insight into the character of young people and a dependable judiciousness are combined in Mr. Gilmer to make an understanding and tolerant superintendent, whose executive powers are diluted with a true sense of humor. To him we respectfully dedicate the 1950 edition of the Steer.
